xero GO

Benefits of XERO GO

MTD for ITSA is coming in April 2024 and will mean you need to keep digital records. Be prepared for these changes now with Xero Go.

Benefit	Feature	Explanation
Spend less time on financial admin	**Receipt capture via Quickscan**	Xero Go allows you to take photos of your receipts for business expenses as they happen with the information populating automatically. This will mean less paperwork for you and ultimately more time to dedicate to running your business.
Improve your invoicing process and get paid faster	**Invoicing**	By adding invoicing (free for 30 days from your first invoice and then £4.99 per month), you'll be able to send professional invoices from your phone as soon as the job is done. You can also connect Stripe as a payment service which will offer your customers the option to pay directwly from the invoice which is proven to get you paid up to twice as fast.
Gain a better understanding of your cash flow	**Simple reports**	You'll have access to simple reports which will help to improve visibility on your business performance in real time.
